PRESIDENTS MESSAGE.

As your outgoing President I would like to take this time to thank all of the board and club members for their support these past 2 years. This board has made some hard choices, which has laid the foundation for the club to grow and support the sport shooting community.

I also want to take this opportunity to THANK the new caretaker for the work he has done around the campsite. For those members who have not been up to the campground in awhile the improvements are very noticeable.

I am very pleased to announce that on February 18th two representatives of the LA MESA Police Department SWAT team were given a tour of the campground to determine the feasibility of conducting training at our campground. They want to use the club house for class room training, the grounds for physical training i.e. five mile runs yes I did say five mile runs, they are still young, and live fire training on the range. A representative from the LA MESA Police Department attended the February board meeting and officially requested the use of our campground. The board voted to extend our hospitality and use of the campground to the men wearing the badge of the LA MESA Police Department. There will be more on this as we go forward.

I am pleased to announce your new board members:
