- January 2012 -

PRESIDENT'S MESSAGE

•••• Happy New Year 2012 ••••

Well here it is January 2012. Recently, I have been trying to remember some of what my science teachers had said years ago about how things would be at this point in time. We were supposed to be very close to being out of oil and fossil fuels, flying cars were supposed to be everywhere, and the earth's population was supposed to be at a point that the earth could no longer produce enough food. So much for predicting the future. This being a leap year we get one extra day in February, so don't waste it. Also this is an election year. I can not predict what any of the candidates will or will not do, but one thing we should all do is Vote. I can not predict the future and neither can anyone else, but as Americans with the right to vote, we should exercise that right and have our input on who is going to make the decisions about our future.

In club news, ballots for the election of club officers have been mailed, because every year is an election year for LSC. Please return them if you have not already done so. We only have one position that has more than one person running, but your vote is still important. Write in candidates can also be voted for.

At the December Board meeting we discussed some changes taking place at the club property and in our Calendar Of Events. At the property, the gate at the Property Line has been replaced. Unless we are having an event that is open to the public the gate

should be kept locked at all times. Please lock the gate when entering and leaving the property. This is something that is going to become more important in the next few months as construction of the new Sunrise Power Link begins to pick up in the Boulevard area. The change to the Calendar Of Events involves this year's Annual General Meeting, Installation of Officers, and Awards Dinner which will be held at 6:30 PM on February 25th, 2012 at the Bonita Views Club House. Another change to the Calendar of Events which was recently revealed is the cancellation of the Inter-club shoot which was to be hosted by the Palomar Club this month.

Planning for the Memorial Weekend BBQ has started. I have heard many stories about how big of an event this used to be, completely filling the camp ground, and selling out the tickets for dinner. I would like to see this event start taking steps in that direction again. The Board is committed to making this event bigger and better than last year, so if you have any ideas or would like to volunteer please contact myself or any of the Board members. Or better yet come to a Board Meeting. This Club belongs to its members, and participation of the membership is the only way anything gets done, and there is no time like the present to get involved.

I wish you all a Happy & Prosperous New Year.
