President's Message

If you can't tell, summer is here especially if you have been up at the property. The temperature for the 22 pistol shoot and for the Inter-Club shoot were both up near 100°. I was up there this past weekend and again it was up around 100°. What that can mean is that you need to be careful and not over do yourself. Drink plenty of liquids (not including beer) to prevent sun stroke – not something that will aggravate dehydration. Another concern is to watch out for snakes after dark. Chris our caretaker was walking after dark and found a rattle snake on the road next to a big pine tree by the club house. I'm sure it is too warm for them to be out in the day time.

The 22 pistol shoot weekend, as I said, was warm and that probably explains why the work party was small. We none-the-less managed to get a lot done in preparation for the Inter-Club shoot. The results of the 22 pistol shoot are as follows:

SCOPED

OPEN SIGHTS

22 Pistol Shoot winners: Isaac Norfolk, Phil Lison, Chris Donofiro, Rick Norfolk, Ron Kesner and Bob Sorensen

Wow is the best I can describe the Inter-Club Shoot. We had 52 shooters from seven different clubs. One of the seven was a surprise entry from Imperial Valley. They had nine shooters and we had plenty of birds so they got to shoot. Even with 52 shooters we were done before 3:00 P.M. It did get pretty warm and at times it was difficult to get volunteers to pull or score. We had some help from Mother Nature with some occasional cloud cover. We did have a hiccup with the generator trying to do breakfast, doing the coffee and starting the shoot at 8:00A.M. I had plenty of excellent help from our club members which helped things flow very well. Lunch was fantastic served up by Jean Wilson and Luwhana Kesner assisted by Onika Miyashiro. Wayne Kline served a great breakfast with a good turnout this time. Lunch profit was \$228.00 which boosts the BBQ profit to about \$600.00 with the Gun Case raffle to be added at Christmas. The profit from the Inter-Club Shoot after the cost of the birds was about \$600.00. Here are the results:

Lemon Grove	11 shooters	82.40%
Escondido	9 shooters	80.36%
Palomar	8 shooters	76.00%
Lakeside	12 shooters	75.13%
Project 2000	3 shooters	N/A
Miramar	2 shooters	N/A

High Man Tom Delisle 91

High Junior Marcus Crayton 82

(You must field 5 shooters to qualify)

High Woman was a tie between Barbara Griffith Escondido & Jan Slough Project 2000 with 68%. There will be a shoot off at the next Inter-Club shoot.

The next Inter-Club Shoot will be hosted by Escondido on August 16th.

We had a night fun shoot Saturday before the Inter-Club. I had forgotten just how tough it is to see the end of your barrel. You can see the birds

fine. Hitting them is my problem. We haven't been able to have a night shoot for some time. Vandalism and old light fixtures have been a problem. I still need to come up with some better lighting options for the back of the range. When the big generator popped its cork I think it also popped the light transformers. I'm just not agile enough to climb those poles anymore and the Faustman Grandsons don't come around anymore since they all grew up. We have the wiring back in again thanks to Gary Workman, but now we need some good lighting. Any ideas? I plan on having another night shoot before the Big Bore Rifle shoot this weekend if we have enough to shoot. Come on up!
