

Lakeside Sportsmans Club THE BULLETIN

– September 2011 –

PRESIDENT'S MESSAGE

September has arrived along with some warm weather and power outages. I hope everyone had a good summer. My wife and I took a trip to the Black Hills of South Dakota to see Mt. Rushmore National Monument. For those that have never been it is a very patriotic reminder of what our country stands for. Although the faces on the monument represent men with different political ideals they all shared a common commitment to individual freedom. I can only hope our present and future leaders keep in mind the intentions of our founding fathers and the faces carved into the rock at Mt. Rushmore.

Getting back to club news we had a Work Party in August to get the club ready for the Trap Shoots and clean up the camp area. The work party on Saturday was Wayne Kline, Ken Lavigne, Jim Black and Rich Wilson. Ken did a lot of mowing around the camp where the brush had grown up and from what I was told he did a really good job. Everything was essentially finished by 10:00 – 10:30 and it was a good thing because it was getting warm by then.

We recently had two of our members experience some very serious hospitalizations. Gary Workman who suffered some serious side effects from a transplant operation and Clint Schultz who broke his leg badly as a result of a fall while at the club property. I am happy to report that both have been released from the hospital and are rehabilitating at home. We wish them well and a speedy full recovery.

Lemon Grove Rod & Gun Club is hosting a 2nd Amendment Celebration on Friday September 23rd from 1:00 to 5 P.M. Assemblyman Brian Jones from the 77th district is putting on the event. Brian will give a legal update, have a question & answer session, and then attendees can participate in shooting events on the rifle, pistol and trap ranges. Due to space & preparation limitations, they ask all attendees to RSVP by the 16th. For additional details go to the LGR&GC web site LemonGroveGunClub.com.

We had the Mike Alspaugh and the Ralston Shoots in

late August and early September. Those results are as follows:
